

NUWORLD WEDDING PHOTOGRAPHY

All of our packages include full day coverage!

A DVD of the digital images is available with most packages.

If none of these packages fit your needs, simply design your own custom package and we will give you a quote by email. Tell us exactly what you want and we will send you a price within 12 hours. Take anything out of the above packages or add anything in. Or you can start from scratch and just list the features you want. If you don't want to decide now, just book the Value Package and you can choose your package AFTER the wedding once you have your proofs in hand. No large \$ commitments, no big upfront payments, we make it easy!

When choosing your photos, you may select any size photos to put on each of your album pages (except Storybook Package where we choose the photos for you). Choose all 8X10's for your album if you prefer or combine different sizes for variety. All packages include Black and White photography at no extra charge. Unlimited - All day wedding coverage is provided at no extra charge (Please let us know in advance if you need more than 9 hours of coverage).

DVD / Negatives are available with all packages for a cost ranging from \$0 - \$500 depending on the size of your order or package selected. Parents Albums are also available for a cost of \$295 for a 4X6 book with 24 prints (other sizes available). Our Fine Art Package includes a beautiful Australian-made Jorgenson wedding album. This album must be seen to be fully appreciated. It is perfectly designed for the photojournalistic approach to wedding photography. This album is also available as an option on any of our other packages. Online ordering is included at no charge for the Storybook Package and as a low cost option on all other packages.
